Abstract	i	Watershed Surfaces	1
Introduction	iii	General Design Considerations	2
Wetland Functions	iv	Berms	3
Best Management Practices	v	Brush Barriers	4
Types of Projects for Which This Information May be Pertinent	vi	Check Dams <i>(also page 60)</i>	5
How to Proceed	vii	Dewatering Structures	6
Key Questions	ix	Erosion-Control Blankets	7
Sequencing	x	Fencing <i>(also pages 29 &amp; 63)</i>	8
Planning	x	Filter Strips	8
Avoidance	xiii	Mulching <i>(see Sheet Mulching)</i>	
Minimization	xiv	Outlet Protection	9
Restoration	xv	Revegetation <i>(page 40)</i>	
Creation	xvii	Sandbag Barriers	9
Projects and Associated Risks	xviii	Sediment Trap	10
		Sheet Mulching <i>(also page 33)</i>	13
		Silt Fences <i>(also page 63)</i>	14
		Sodding <i>(also page 45)</i>	17
		Straw-Bale Barriers	18
		Surface Roughening	20
		Swales	21

<b>Plantings and Vegetation</b>	<b>23</b>
General Design Considerations	23
Brush Layering	25
Brush Matting	26
Cuttings	27
Dry Root Stock <i>(see Transplants)</i>	
Fencing and Armoring <i>(also pages 8 &amp; 63)</i>	29
Fertilization	30
Herbicides <i>(see Pesticides)</i>	
Insecticides <i>(see Pesticides)</i>	
Invasive Plant Species	31
Mulching <i>(also page 13)</i>	33
Natural Plant Dispersal/Invasion	34
Pesticides	35
Pole Plantings	36
Post Planting	39
Revegetation	40
Seeding	42
Seedlings	44
Sodding <i>(also page 17)</i>	45
Sod Plugs <i>(see Transplants)</i>	
Transplants	46
Trees	47
Trees (Transplanting)	50
Tree Wells/Raising the Grade	51
Tree Walls/Lowering the Grade	53
Replacement of Damaged Trees	54
Repair of Compacted Soils	54
Repair of Damaged Bark, Limbs, & Branches	54
Wattle Bundles	55

<b>Streams &amp; Banks</b>	<b>57</b>
Bank Stabilization	58
Beaver Dams	59
Check Dams <i>(also page 5)</i>	60
Boulder Drop Structures	61
Dikes/Groins	62
Channel Stabilization	63
Fencing <i>(also pages 8 &amp; 27)</i>	63
Filter Cloth Dikes <i>(also page 14)</i>	63
Gabions <i>(also page 77)</i>	64
Level Spreaders	64
Revetments <i>(also page 77)</i>	65
Riprap Blankets	66
Stream Crossings (Temporary)	67
Tires	68
Vegetation <i>(also pages 23-55)</i>	68

<b>Shorelines</b>	<b>69</b>
General Design	70
Beach Fills	71
Beaches (Perched)	72
Breakwaters	73
Bulkheads	75
Gabions <i>(also page 64)</i>	77
Groin Fields	78
Revetments <i>(also page 65)</i>	79
Vegetation <i>(also pages 23-55)</i>	80

**Roads and Trails 81**

Routing	82
Vegetation ( <i>also pages 23-54</i> )	82
Hydrology	83
Design/Construction	84
Culverts & Drainage Ditches	84
Spills	85
Maintenance	85

**Construction 87**

General Design Considerations	87
Spill Prevention/Waste Disposal	88
Vehicle Tracking	89

**Recreation 91**

General Design Considerations	91
-------------------------------	----

**Prescribed Burning 93**

Back Fires	93
Head Fires	94
Strip Head Fires	94
Flank Fires	95
Spot Fires	95

**Attachments**
